## Relocating to Pittsburgh? Live in Lincoln Hills...

North Huntingdon Township is an excellent location to live and work in a suburban growing community with a high quality of life and a small town feel. Residing within Westmoreland County, the cost of living and taxes are moderate compared with surrounding municipalities and counties. We are located within easy commuting distance (less than 20 miles and a non-rush hour trip of 35 minutes) to Pittsburgh (northeast) and the amenities of a large metropolitan area. Drive east for an hour and you are in the Laurel Mountains. The Pennsylvania Turnpike runs north and south on the east edge of the Township with a turnpike interchange located within the community. State Route 30 runs east and west through the middle of the Township.
